

X-keys XK-60

The preferred choice of photographers and 3D designers, the XK-60 offers four groups of keys to organize related functions. Grouping keys shortens the operator learning curve and creates a more intuitive control surface. Instant access to tools, macros, shortcuts, files, and directories maximizes efficiency. Easily program simple keystrokes or complex macros in Windows or OS X.

- A versatile control solution for any computer application
- Supports our widest range of input features
- Blue and red backlighting for low illumination working environments
- Includes software for Windows and OS X
- Emulates Keyboard, Mouse, Game Controller, and Media commands
- Wired USB connection

MSRP: \$199.95
