

X-keys[®] Micro Light Lever Switch Specifications

for XK-A-1011-R

- Perfect for use with the X-keys USB Switch Interface
- Rugged design for Assistive Technology or industrial application
- Trigger computer commands with finger, toes, knees, or elbows
- Includes blue, red, green, and yellow color tags

The X-keys Micro Light Lever Switch offers a rugged button to work with our X-keys USB Switch Interface. The four different color tags allow you to customize and assign based on your needs, and the rugged design is perfect for Assistive Technology or industrial applications. This is perfect for mouse click, key press, or other operations where a momentary activation is required.
