

X-keys® Mini Cup Switch Specifications

for XK-A-1010-R

- Perfect for use with the X-keys USB Switch Interface
- Rugged design for Assistive Technology or industrial application
- Trigger computer commands with finger, toes, knees, or elbows
- Includes blue, red, green, yellow, and orange color tags

The X-keys Mini Cup Switch offers a rugged button to work with our X-keys USB Switch Interface. The five different color tags allow you to customize and assign based on your needs, and the rugged design is perfect for Assistive Technology or industrial applications. This is perfect for mouse click, key press, or other operations where a momentary activation is required.
