

X-keys Video Switcher Key Set

The perfect key set to turn an X-keys into a video switching controller for vMix, Newtek Tricaster, or your favorite streaming software. Our clear acrylic printed keys for the X-keys XK series and our XKE-124 T-bar, XKE-128 and XKE-64 Jog T-Bar (not compatible with X-keys Stick).

Key Set includes:

- Numbers 1-12 on single clear acrylic keys with a blue, green, red, and orange background
- M1-M8 on single clear acrylic keys with a white background
- IN, OUT, four arrows, and 1-6 on single clear acrylic keys with a black background
- REC, STM on single clear acrylic keys with a red background
- FTB on single clear acrylic keys with a gray background
- Wide clear acrylic keys with a gray background and AUTO 1, AUTO 2, AUTO 3, and TAKE printed
- 61 key blockers
- A backlight mask to cover the key deck and reduce backlighting bleed-over
